

TENTATIVE SCIENTIFIC PROGRAMME (APICON 2018)

Friday, 23rd February, 2018

TIME	SUBJECT
Hall - A	
8.30 am - 9.00 am	Inauguration of Scientific Program Dr. Y.P. Munjal
9.00 am - 9.30 am	Sanofi Aventis Lectureship in Diabetes Oration Can Medical Care Change the Natural History of T2DM: Turning Fiction into Reality Dr. Rajesh Rajput
9.30 am - 10.00 am	Guest Lecture Optimizing communication in patient care Dr. Amit Ghosh
10.00 am - 10.30 am	Presidential Oration Changing Trends in Medicine: Past, Present and Future Dr. Pritam Gupta
10.30 am - 11.00 am	Guest Lecture Preventing Breast Cancer : The internist role Dr. Karthik Ghosh
11.00 am - 11.30 am	Key Note Address OSA & metabolic syndrome Dr. Randeep Guleria Dr. V. Parameshwara Life Time Achievement Award Dr. B.K. Sharma
11.30 am - 12.30 pm	Symposia on Cardiology Top life changing advances in cardiology Dr. Praveen Chandra
12.30 pm - 1.30 pm	CPC-1
1.30 pm - 2.00 pm	Guest Lecture Latest Guidelines for Hypertension in 2018 Dr. C. Venkat S Ram
2.00 pm - 3.00 pm	Symposium on HTN Management of Hypertension Dr. Upendra Kaul, Dr. C.N. Manjunath, Dr. R. Sridhar, Dr. K.M. Prasanna Kumar, Dr. N.R. Rau
3.00 pm - 3.30 pm	Guest Lecture Multivessel CAD: Management approach Dr. Ashish Thakur
3.30 pm - 4.30 pm	Meet the Master Teacher Diabetes and Heart Dr. Y.P. Munjal Role of stem cell therapy in diabetes Dr. A.H. Zargar Diabetic Dyslipidemia: Update Dr. Shashank R. Joshi
4.30 pm - 5.00 pm	Dr.G.S.Sainani Oration Neurocysticercosis: An ongoing journey Dr. Gagandeep Singh
5.00 pm - 6.00 pm	Symposium by Glasgow
6.00 pm - 7.00 pm	Stable CAD: Conservative v/s Intervention Dr. Siddhart Mukerjee Newer guidelines for myocardial infarction-2018 Dr. Ravikant Very late complication of Angioplasty Dr. Mantosh Panja
WORKSHOP	
Full Day	NIV & Oxygen Therapy

TIME	SUBJECT
Hall - B	
9.00 am - 10.00 am	Cardiology Update Newer Biomarkers in Heart Failure Dr. Saumitra Ray NOACS: Real-world experience Dr. Anshul jain Infective endocarditis:Update Dr. Sudhir Varma
10.00 am - 10.30 am	Presidential Oration Changing Trends in Medicine: Past, Present and Future Dr. Pritam Gupta
10.30 am - 11.30 am	Diabetes Diabetic Complications in Indian Scenario: An Update Dr. Sidhartha Das Hypoglycaemia in insulin treated diabetes patients: challenges & solutions Dr. Ajay Kumar Prandial insulins : Evolution & clinical relevance Dr. Anil Bhansali
11.30 am - 12.30 pm	Hypertension Update Azilsartan-A new baby in old horizon Dr. B.A. Muruganathan Diuretics in Hypertension: A Review & Update Dr. R. Rajasekar Pitfalls in management of Hypertension Dr. Kamlesh Tiwari
12.30 pm - 1.30 pm	Symposia on Hypothyroidism Thyroid function test: How to interpret? Dr. Sujoy Ghosh Hypothyroid in pregnancy Dr. Sameer Aggarwal Systemic disorders in Hypothyroid Dr. Sanjay Kalra
1.30 pm - 2.30 pm	Neurology Immunomodulation in neurological disorders Dr. M.M. Mehndiratta Headache-Headache for Physician Dr. Gurubax Singh Declaring Brain death in India: Current status Dr. Shekhar Chakraborty
2.30 pm - 3.30 pm	Clinic Approach Approach to a patient with syncope Dr. Amit Kalwar Transient loss of consciousness: A clinical approach Dr. H.V. Srinivas Solitary Pulmonary Nodule: Clinical approach Dr. BNBM Prasad
3.30 pm - 4.30 pm	Symposia on Obesity Dr. Soumitra Ghosh
4.30 pm - 6.30 pm	Infection Liver abscess: Management in the present era Dr. H.S. Thukral MDR-TB and XDR-TB: What are the options? Dr. Bidita Khandelwal Newer Modalities of diagnosis of Tuberculosis Dr. Prem Prakash Gupta ABG analysis: Simple steps for understanding Dr. Ravindra Kumar Das

TIME	SUBJECT
	Transfusion transmitted infections Dr. Apu Adhikari Adult Immunization :Current scenario in India Dr. Prashanta Bhattacharya
WORKSHOP	
Pre Lunch	Digital Medicine on Smartphone
Post Lunch	ECG
Hall - C	
9.00 am - 10.00 am	Enviromental Medicine Air pollution and its health impact Dr. Vishal Chopra Global warming & its health impact Dr. P.S. Shankar Approach to a patient of Meningitis Dr. Sanjiv Maheshwari
10.00 am - 10.30 am	Presidential Oration Changing Trends in Medicine: Past, Present and Future Dr. Pritam Gupta
10.30 am - 12.30 am	Clinical Approach Vertigo: Clinical approach & management Dr. (Prof.) R. Lakshmi Narsimhan Clinical approach to a patient of dyspnoea Dr. Alok Gupta Approach to male infertility Dr. G. Bantwal Logical Approach to Thyroid nodule Dr. K.J. Shetty Approach to a patient with short stature Dr. Indira Maisnam Clinical Approach to a patient of Vasculitis Dr. Subramanian Nallasivan
12.30 pm - 1.30 pm	Diabetes Glycemic pentad: A comprehensive approach in diabetes management Dr. Neeta Deshpande SGLT-2 inhibitors: Looking beyond diabetes control Dr. Rajeev Chawla Are we doing enough for patients- Diet, exercise and medication for effective diabetes management Dr. Banshi Saboo
1.30 pm - 2.30 pm	HTN Endocrine Hypertension- clinical Vignettes Dr. Nihal Thomas Blood Pressure control: Challenging time Dr. B.R. Bansode Combination therapy in Hypertension Dr. Siddharth Shah
2.30 pm - 3.30 pm	Cardiology Spectrum of Reversible Cardiomyopathies Dr. Hemant Madan Dual Anti-platelet therapy: How long? Dr. Mohit Dayal Gupta Cardiovascular interventions beyond coronaries Dr. Sanjay Mehrotra
3.30 pm - 4.30 pm	Hypertension Update Hypertension in Diabetes Dr. B.B. Thakur Management of isolated systolic Hypertension: Current status Dr. Girish Mathur Resistant Hypertension Dr. Sandhya Kamath

TIME	SUBJECT
4.30 pm - 6.30 pm	Social Issue and Soft Skills Communication & soft skills Dr. Reeta Sood Spiritual Health: A new concept Dr. S.P. Yoganna Doctor-Patient relationship: Historical prospective & current scenario Dr. R.K. Bansal Medical ethics Dr. Hem Shanker Sharma Cooking oils: Which to use? Dr. Sonia Arora No effective therapy without patient adherence Dr. Manish Bajaj
WORKSHOP	
Pre Lunch	Antibiotic Stewardship
Hall - D	
9.00 am - 10.00 am	Clinical Approach Approach to a patient with polycythemia Dr. Mathew Thomas Clinical Approach to a Patient of Coma Dr. Geeta Kampani Approach to a patient of Meningitis Dr. Sanjiv Maheshwari
10.00 am - 10.30 am	Presidential Oration Changing Trends in Medicine: Past, Present and Future Dr. Pritam Gupta
10.30 am - 11.30 am	Neuropathy Approach to multiple cranial nerve palsy Dr. K. Mugundhan Autonomic neuropathy in Diabetes Dr. L.K. Meher
11.30 am - 12.30 pm	Genetic Gender Dysphoria: An evidence based approach Dr. Rajat Gupta Therapeutic uses of Human Endothelial Progenitor cells Dr. Ananda Bagchi Sexual dysfunction in female Dr. Deepak Jumani
12.30 pm - 1.30 pm	Endoscopy Workshop Upper GI Endoscopy Dr. D. Nageshwar Reddy
1.30 pm - 2.30 pm	Oncology Tumor lysis syndrome Dr. Seema Gulia Metronomic chemotherapy in metastatic malignancies: A new concept Dr. Ankur Bahl Paradigm shift in palliative care in cancer Dr. Ashish Gulia
2.30 pm - 3.30 pm	Infection Hepatitis C: Stories of success Dr. S.K. Tyagi Hepatitis B: Are we moving ahead towards cure? Dr. A.C. Anand HIV/hepatitis Co-infections Dr. P.K. Agarwal
3.30 pm - 4.30 pm	Sepsis Symposium Biomarkers in sepsis Dr. V.K. Goyal Sepsis syndrome/SIRS: Challenges Dr. M.P.S. Chawla

TIME	SUBJECT
	Early and Empiric antibiotics in sepsis: Current controversy Dr. Trupti Trivedi
4.30 pm - 5.30 pm	Management of Subclinical hypothyroidism: Emerging Evidence Dr. Archana Juneja Glucose Metabolism in CLD Dr. Aparna Agrawal The arboviral infections: Is effective vaccination a possible solution? Dr. Ashok Kumar
5.30 pm - 6.30 pm	Polypharmacy in elderly : Use & Misuse Dr. George Thomas Malnutrition in elderly: A challenge Dr. Kauser Usman Advances in nuclear medicine for physician Dr. E. Prabhu
Hall - E	
9.00 am - 10.00 am	Diabetes How to hold the "HOLD" Dr. N.K. Singh Perioperative Management in Diabetes Dr. Pramod Kumar Sinha Diabetes and Immunity Dr. Apurba Mukherjee
10.00 am - 10.30 am	Presidential Oration Changing Trends in Medicine: Past, Present and Future Dr. Pritam Gupta
10.30 am - 11.00 am	Guest Lecture Hepatitis B carrier: Treat or not to treat? Dr. Mamun Al Mehtab
11.00 am - 12.00 pm	Epilepsy Update First Seizure-To treat or not to treat Dr. P.K. Maheshwari Pregnancy and epilepsy Dr. Bhupendra Chaudary Changing scenario in management of status epilepticus Dr. Rajesh S. Iyer
12.00 pm - 1.00 pm	Update Session PUO: Current concept Dr. S.V. Ramna Murty Vivax Malaria-No longer benign! Dr. Nagesh Kalenahali Management of enteric fever: Update Dr. Deepak Gupta
1.00 pm - 2.00 pm	Tropical Infection Complicated dengue: case Base discussion Dr. Rajeev Gupta Leptospirosis: What we should know? Dr. Shantanu Kumar Kar Scrub Typhus: Need for alert Dr. Raman Sharma
2.00 pm - 3.00 pm	Diabetes Metformin-The Molecule of the Decade: Old Is Gold Dr. Sanjay Dash Lean Type-2 Diabetes in India: What's New? Dr. Jayant K Panda Dyslipidemia Management: Newer avenues Dr. Nirupam Prakash
3.00 pm - 4.00 pm	Diabetes Diabetes & Inflammation Dr. J.K. Sharma

TIME	SUBJECT
	Initiation of insulin & intensification to basal bolus Dr. N.K. Soni Need to individualize diabetic care Dr. K.K. Pareek
4.00 pm - 5.00 pm	Diabetes Diabetes a Tsunami : How to control? Dr. Samar Banarjee Pollution & diabetes: Is there a link? Dr. Brij Mohan Comorbid depression with diabetes: Diagnosis & Management Dr. A. Jagadish
5.00 pm - 6.00 pm	Hypertension Hypertensive Emergencies Dr. R.R. Singh HASH(High altitude systemic HTN): Unravelling the mystery Dr. V.A. Kothiwale Hypertension & Menopause Dr. Anuj Maheshwari
6.00 pm - 7.00 pm	Endocrinology Lipohypertrophy: A real concern Dr. Sunil Gupta Addisonian Crisis: When to suspect and what to do? Dr. Narendra Kotwal Endocrine manifestation of systemic disorders Dr. Sudhir Bhandari

Saturday, 24th February, 2018

TIME	SUBJECT
Hall - A	
9.00 am - 10.00 am	Update Session Kalazar elimination in India Dr. Shyam Sunder Rational use of antibiotics in ICU Dr. H.S. Pannu DIC: Management update Dr. Puneet Saxena
10.00 am - 10.30 am	Netaji Oration Physiological Approach to Occlusive Coronary Disease Dr. A.B. Mehta
10.30 am - 11.00 am	Guest Lecture Current diagnosis and treatment of vertigo and dizziness Prof. Michael Strupp
11.00 am - 12.00 pm	Gastroenterology Game changers in Gastro: Hepatology practice Dr. Rajesh Upadhyay A cross talk on choosing a right prokinetic in management of dysmotility Dr. Naresh Bhatt / Dr. T.K. Banerjee Clinical pearls in constipation management: The Indian perspective Dr. B.S. Ravindra
12.00 pm - 12.30 pm	Key Note Address Affordable healthcare to Transform Indian Economy Dr. Devi Shetty
12.30 pm - 1.30 pm	CPC-2
1.30 pm - 2.30 pm	Symposium on Lipid Management Dr. S.N. Narsinghan

TIME	SUBJECT
2.30 pm - 3.00 pm	Dr. P.J. Mehta Oration Echocardiographic Navigation in AF: Relevant at all stages from Irregular Pulse to Slurring of the Speech in India & the real world Dr. H.K. Chopra
3.00 pm - 4.00 pm	Symposium on NCD Dr. Ashok Kumar Das
4.00 pm - 4.30 pm	Prof. Rathinavelu Subramaniam Endowment Oration H ₁ N ₁ Influenza: 9 years journey in Gujrat Dr. Asha N. Shah
4.30 pm - 5.00 pm	Guest Lecture Value of evidence based medicine in practice Dr. Alan Rosmarin
5.00 pm - 6.00 pm	Symposium on Obesity Dr. Soumitra Ghosh
6.00 pm - 7.00 pm	Self management and education: A novel tool for diabetes management Dr. Amit Gupta Incretin therapy: Paradigm shift of T2DM Dr. Parixit Goswami PCOS: From inutero to menopause Dr. Sushil Jindal
WORKSHOP	
Full Day	Echocardiography Hall - B
9.00 am - 10.00 am	Cardiology Update Is left main still a surgeons domain? Dr. B. Keshavamoorthy Atherosclerosis: Can we tame it? Dr. Harendra Kumar Pulmonary embolism: Focus on New Drugs Dr. V.K. Katyal
10.00 am - 10.30 am	Guest Lecture Respiratory effects of obesity Dr. Geoff Chadwick
10.30 am - 11.30 am	COPD-Update Interventions in pulmonology Dr. Ravindra Mehtha COPD-2018: Update Dr. Agam Vora ACOS (Asthma COPD Overlap Syndrome) Dr. K.N. Padhiary
11.30 am - 12.30 pm	Tropical Disease-Update Resurgence Of Yellow fever: A Big challenge Dr. R.R. Chaudhary Zika: Global epidemiology, Is it a threat to India Dr. Partha S. Karmakar Ebola outbreak: Lessons learnt Dr. Rajiv Raina
12.30 pm - 1.30 pm	ICU Evidence based fluid resuscitation in ICU-A review Dr. Manish Kumar Aggarwal Critical Care Toxicology Update-2018 Dr. Omender Singh Difficult to treat bugs in ICU: A review Dr. Pankaj Kumar
1.30 pm - 2.00 pm	Honor Lecture Hepatocellular Carcinoma: Screening, Diagnosis & Management Dr. Kirti Shetty
2.00 pm - 3.00 pm	Symposium on Medico-legal Practice Dr. Y.P. Munjal

TIME	SUBJECT
3.00 pm - 4.00 pm	HIV 90-90-90 strategy in HIV epidemic Dr. R. Sajith Kumar Cardio Pulmonary Manifestation of HIV Dr. Alka Deshpande Neurological manifestation in HIV Dr. Dipanjan Bandopadhyay
4.00 pm - 5.00 pm	State of ART ART in HIV infection: State of Art Dr. B.B. Rewari HIV & TB coinfection: Update Dr. Sanjiv Sinha Immune Reconstitution Inflammatory Syndrome (IRIS): More care Dr. Vinay Rampal
5.00 pm - 6.00 pm	Rheumatology Chikungunya Arthritis Dr. Harpreet Singh Viral polyarthritis Dr. M. Ravikeerthi Asymptomatic hyperuricemia: What to do? Dr. Arup Kumar Kundu
6.00 pm - 7.00 pm	Gastroenterology Gut Microbia: A forgotten organ Dr. Balvir Singh GI manifestation of systemic disorder Dr. Satya Prakash NAFLD.....Is it really Benign? Dr. A.K. Chauhan
WORKSHOP	
Pre Lunch	Scientific Paper Writing
Post Lunch	Role of Yoga & Meditation in Health & Stress Management
Hall - C	
9.00 am - 10.00 am	Hypertension BP Variability: Next big thing Dr. Sadanand Shetty Is there a need newer CCB in the era of Amlodipine Dr. Brian Pinto Young hypertensives discussion on a case study Dr. Geevar Zachariah
10.00 am - 11.00 am	Guest Lecture The Role of Electronic Health Records and Health IT in the Learning Health System Dr. Prabhu Shankar Recent advances in Renal Transplantation Dr. Jagadish Jamboti
11.00 am - 12.00 pm	Role of IT in regulating medical education and practice Dr. Ajay Kumar Is there down fall in Health care system? If so-How to improve? Dr. R.M. Chhabra Role of Nuclear Medicine in Myocardial Viability Dr. Sunil H.V.
12.00 pm - 1.00 pm	Nephrology Recipient and donor selection in India: Current status Dr. S.K. Agarwal Rituximab-?A panacea for Glomerular diseases Dr. Dipankar Bhowmik Prevention and management of diabetic kidney disease Dr. Rajesh Aggarwal

TIME	SUBJECT
1.00 pm - 2.00 pm	Haematology Haemotransfusion Therapy: Boon or waste? Dr. Anil Gupta Clinical Approach to patient with purpuric spot Dr. C.K. Jana Anemia: Clinical approach Dr. Prabaht Pandey
2.00 pm - 3.00 pm	Insulin Update Newer insulins: Are they really better Dr. Mangesh Tiwaskar Early Initiation of Insulin Therapy Dr. R.K. Jha Once weekly GLP-1 analogue: Where are we? Dr. Vinod Mittal
3.00 pm - 4.00 pm	Rheumatology Biosimilars in RA: Sooner than later Dr. Milind Y. Nadkar Polyarteritis Nodosa: An Enigma Dr. Ghanshyam Pangtey Vitamin D therapy: Hope or hype Dr. P.K. Sasidharan
4.00 pm - 5.00 pm	Respiratory Syndrome Z (OSA) Dr. D.P. Singh Challenges in management of CAP Dr. Prashant Prakash, Agra Role of immunotherapy in allergy disorders Dr. Pradumna Sharma
5.00 pm - 7.00 pm	Infection Tropical Eosinophilia Dr. (Prof.) Azizul Kahhar Sickle cell crisis: How to go forward? Dr. Srikant Kumar Dhar You cannot rash when fever coincides with rash Dr. Sriprasad Mohanty Tropical Fever: A case based approach Dr. Manoranjan Behera Refractory anemia: What to do? Dr. Ashish Dixit
WORKSHOP	
Pre Lunch	PFT & Aerosol Therapy Hall - D
9.00 am - 10.00 am	Cardiology A review of Cardio renal syndrome Dr. Gurinder Mohan Newer Anti platelets Dr. Chandra Shekhar Heart Failure: What is new? Dr. Amal Kumar Banarjee
10.00 am - 11.00 am	Pregnancy Pregnancy and heart disease Dr. G.S. Wander Hypertension in pregnancy Dr. G.D. Ramchandani GDM: Physician's prospective Dr. Abha Gupta
11.00 am - 12.00 pm	Diabetes Gliptins v/s Sulfonyl urea: Which is better? Dr. V. Palaniappen ADA-2018 standard of care: Update Dr. Abhishek Pandey Metformin v/s Insulin in treatment of GDM Dr. Sandeep Garg

TIME	SUBJECT
12.00 pm - 1.00 pm	Haematology Macrophage activation syndrome Dr. T.K. Dutta Basics of transplant: Autologous & allogenic Dr. Punit L. Jain Stem cell therapy in various disease Dr. Sunita Agarwal
1.00 pm - 2.00 pm	ICU Role of Intensivists in management of burn's patient Dr. Ashit Bhagwati Hypoglycemia in the ICU Dr. Sundram Arulraj Adrenocortical Deficiency in ICU patient Dr. Charu K. Jani
2.00 pm - 3.00 pm	ECMO in acute hypoxemic respiratory failure: Current status in India Dr. Ratan Gupta Hospital acquired infections Dr. Piyush Jain Ac. Encephalitis: Indian scenario Dr. Debasis Chakraborti
3.00 pm - 4.00 pm	Interventional Radiology Ultrasonography in Critically ill Patient Dr. B. Gupta / Dr. Sameer Gulati Imaging parameters in pulmonary thromboembolism Dr. Priya Jagia Intravascular ultrasound: For whom, when & why? Dr. P.K. Sahoo
4.00 pm - 5.00 pm	Cardiology Can new Jones's criteria change the epidemiological fall of rheumatic heart disease in India? Dr. I.S. Vijayalakshmi Cardiac Cachaxia Dr. A.K.P. Singh Hypertrophic obstructive cardiomyopathy (HCM) Dr. Rajat Arora
5.00 pm - 6.00 pm	Endocrinology Primary Hypoparathyroidism & its management Dr. Ajay Agrawal Post traumatic Hypopituitarism Dr. Sachin K. Jain A new look at testosterone therapy in ageing males Dr. D.C. Sharma
6.00 pm - 7.00 pm	Diabetes Gut hormone & immune system in metabolic disorders Dr. Rakesh Sahay Exercise prescription for life style diseases: A corner stone Dr. Anil Virmani Management of diabetes in resource crunch countries Dr. G. Prakash
Hall - E	
9.00 am - 10.00 am	Others History of evolution of medicine: Global prospective Dr. P. Mohan Rao Hypnotherapy in medical disorders Dr. Rajeev Mohan Kaushik An Approach To Recurrent Falls in the Elderly Dr. S. Ramnathan Iyer

TIME	SUBJECT
10.00 am - 11.00 am	Diabetes Are all gliptins same:How to decide & choose? Dr. Harbir Kaur Rao Musculoskeletal manifestation of diabetes Dr. Anita Nambiar Role of artificial Pancreas in T2 DM Dr. Narendra Pal Jain
11.00 am - 12.00 pm	Nephrology Anaemia in CKD: Management Dr. H.K. Aggarwal ABO incompatibility Renal transplant: Indian scenario Dr. Dinesh Khullar Hyperuricemia: A newer risk factor for CKD Dr. S.S. Sundar
12.00 pm - 1.00 pm	Neurology Present status of thrombolysis in acute ischemic stroke-Indian scenario Dr. V. Shankar Temporal lobe seizure Dr. Nagrajan Venkataraman An elderly patient with tremor Dr. N. Balaurugan
1.00 pm - 2.00 pm	Gastro IgG4 related disorders: What should we know? Dr. Dinesh Gupta GERD: What after PPI? Dr. V.G. Mohan Prasad Proton Pump Inhibitors & Renal Safety – Recent Understandings Dr. Sampath Kumar
2.00 pm - 3.00 pm	Geriatrics Geriatric teaching: Indian relevance Dr. O.P. Sharma Biology of Aging Dr. Jyotirmoy Pal Frailty:Current Concept Dr. Y.S. Raju
3.00 pm - 4.00 pm	Misc Muscle cramps: A challenge for Physician Dr. Kiran Soni Isoniazid Preventive Therapy; Operational Guidelines Dr. Mohanjeet Kaur Current controversy in lipid lowering drugs Dr. Premnath M.
4.00 pm - 7.00 pm	Medical Quiz Dr. Mukesh Bhatia

Sunday, 25th February, 2018

TIME	SUBJECT
Hall - A	
9.00 am - 10.00 am	Cardiology Advances in Management of PAH Dr. S. Ramakrishnan Is intervention still relevant in stable CAD? Dr. Shantanu Guha Recent Cardio Vascular Mega Trials Dr. Sundeep Mishra
10.00 am - 10.30 am	Dr. Coelho Memorial lectureship in experimental Medicine Experimental & Technical Innovation in Gastrointestinal Endoscopy Dr. Chandrasekar Seshadri

TIME	SUBJECT
10.30 am - 11.00 am	Honor Lecture Osteoporosis: An evidence based approach Dr. Tanu Shweta Pandey
11.00 am - 12.00 pm	Cardiology Coronary microvascular dysfunction: An update Dr. (Prof.) S.M. Mustafa Zaman How did Fractional flow reserve(FFR) guided revascularization change my clinical practice?: cases based discussion Dr. S. Nagendra Boopathy Disease modifying medications in systolic heart failure Dr. Alok Sehgal
12.00 pm - 1.00 pm	Award Session PRF Awards API Awards Dr. Vithalrao Nadgouda Best All India Annual Thesis Award

Hall - B

9.00 am - 10.00 am	Reno vascular hypertension: Current status Dr. Puneet Rijhwani ABPM in clinical settings Dr. Narayan Deogaonkar Grey areas in diagnosis and management of HTN Dr. Anita Jaiswal
10.00 am - 11.00 am	Calcium channel blocker in the management of Hypertension: Current status Dr. D.P. Chakraborty Unmet needs & current magnitude of CHF Dr. Suresh Pattad Management of Upper GI bleed in ACS on dual antiplatelets Dr. J.K. Mokta
11.00 am - 12.00 pm	Alcoholic liver disease in women Dr. B.S. Nagaraja Cirrhosis of Liver:Beyond beta blocker & diuretics Dr. Anup K. Das Hepatorenal syndrome: Clinical considerations Dr. (Mrs.) Tanuja Manohar
12.00 pm - 1.00 pm	Growth hormone replacement therapy: Current recommendations Dr. Minal Mohit, Jaipur Renal stone disease:Endocrinologist perspective Dr. Vageesh Iyer Hyperprolactenemia: How to manage? Dr. S.K. Sharma

Hall - C

9.00 am - 10.00 am	Infections Dengue revisited Dr. V. Channaraya Malaria: Unusual complications Dr. Y.J.V. Reddy Rickettsia infection spreading beyond boundaries Dr. Vasantha Kamath
10.00 am - 11.00 am	Anemia in elderly: Experience at a large tertiary centre Dr. P.S. Ghalaut Hemophilia in India: Recent advances Dr. Cecil Ross Chronic energy deficiency: Association to NCD Dr. H. Basavangowdappa

TIME	SUBJECT
11.00 am - 12.00 pm	Poisoning & Toxicology Snake Bite: Current guideline Dr. Shibendu Ghosh Common poisoning & management Dr. Saurabh Srivastav White Poisons in our diet & health hazards Dr. Subhash Giri
12.00 pm - 1.00 pm	Immunotherapy a new weapon in cancer treatment Dr. Vineet Talwar Targeted therapy in lung cancer Dr. Govinda Babu K. Infection causing cancer Dr. Anupam Dey
Hall - D	
9.00 am - 10.00 am	Misc. Air ambulance service in India: Current scenario in 2018 Dr. Munish Prabhakar Pesticides & chemicals as endocrine disruptors for obesity and metabolic syndrome: Recent evidence Dr. Arvind Gupta Novel therapies to preserve beta cell function Dr. Vijay Negalur
10.00 am - 11.00 am	Diabetes A decade of RCTs in diabetes: Clinical implication Dr. Suhas Erande Ambulatory glucose monitoring: mandatory or optional Dr. G.B. Sattur Management of Heat stroke Dr. Gautam Bhandari

TIME	SUBJECT
11.00 am - 12.00 am	Misc. Nocturia In elderly: A multidisciplinary approach Dr. Anish Kumar Gupta ARDS: Recognition & management Dr. N.D. Karnik Management of acute Pancreatitis Dr. G. Loganathan
12.00 am - 1.00 am	HIV Ois in HIV: Changing scenario Dr. Amar Pazare HIV among elderly Dr. Swaroop K. Baruah Vaccinations in HIV patients Dr. K. Ravi
Hall - E	
9.00 am - 10.00 am	Nephrotic syndrome: Adult onset Dr. K.C. Gurudev Lung fibrosis: An approach Dr. K.S. Satish Neuromyelitis Optic: An Update Dr. M.K. Roy
10.00 am - 11.00 am	Challenges of obesity in women in India Dr. Sarita Behera
